Interim Guidance for the U.S. Residence Decontamination for EVD and Removal of Contaminated Waste <http://www.cdc.gov/vhf/ebola/hcp/residential-decontamination.html>

1. Public health, state and/or local authorities who may have to decontaminate or arrange for a contract company to decontaminate a U.S. residence and remove contaminated waste because someone living there was confirmed to have Ebola Virus Disease (Ebola).
2. The general public reading this guidance, who have concerns regarding their residence and environmental contamination due to a member of the residence being confirmed with Ebola, whether owned or rented, should contact local public health and/or assigned authorities for Ebola emergency response in their location. If the public health and/or assigned authorities cannot be reached, please call CDC-INFO: 1-800-232-4636.
